THE RIGHT TO HEALTH

I Scientific Conferences EQSDS (2018)

16 JUNE

09:30-14:00 CONFERENCES

Antigua facultad de Magisterio UVa, Salón de actos del edificio Vicerrector Santiago Hidalgo, Plaza Colmenares N°1, Segovia.

"Changes in population exposure patterns with the new 5G system", Dr. Ceferino Maestu Unturbe, Director of the Bioelectromagnetism Laboratory of the Biomedical Technology Centre of the Polytechnic University of Madrid.

"Effects of electromagnetic radiation from mobile telephony on the environment (especially on animals and trees)", Alfonso Balmori, Biologist. Independent researcher on the effects of electromagnetic radiation on living beings. Scientific advisor and member of AVAATE.

"Human health effects resulting from exposure to non-ionizing electromagnetic radiation.", Dr. David O. Carpenter, M.D., Director, Institute for Health and the Environment Collaborating Centre of the World Health Organization University at Albany, USA.*

"Electrosmog and electrosensitivity: A tsunami in the making.", Dr. Magda Havas, PhD., Associate Professor of Environmental & Resource Studies at Trent University, Canada*

"Electromagnetic Fields and non health: focus on cancer and International Agency for Research on Cancer of the World Health Organization (IARC-OMS) classification of carcinogenicity", Dr. Annie J Sasco, MD, MPH, SM, DrPH, Former Director of Unit of Epidemiology for Cancer Prevention at IARC and former Director of Research at INSERM, Bordeaux University, France.*

* Simultaneous Spanish translation is available for conferences in English.

19:30 HUMAN CHAIN Stop 5G "Por la transparencia, investigación independiente y tecnología biocompatible."

Start: Plaza Díaz Sanz / End: Plaza Mayor

"Not recommended for people with high EHS. Highly electrosensitive people should contact the organization for an alternative.

17 JUNE

10:00-19:30 WORKSHOPS

FINCA CAMPONUEVO, Sangarcía.

Health

Exchange of treatments and experiences information between patients and affected physicians.
Lyme disease and co-infections.

Organizations / Activism

Roundtable: Experiences and expectations of Central Sensitization Syndrome associations working from an integrative perspective.
Roundtable: Stop 5G, PECCEM, European Organizations.

Rights

Roundtable: Legal Issues in Disability Proceedings - Patients' Rights.

EHS, Electromagnetic pollution

Workshop: EMF Effects in Central Sensitization Syndrome. How to protect yourself. Devices. Measurements. Shielding. Smart meters.

Selfcare

Chi Kung: strengthening the immune system
Jin Shin Yjuntsu: unblocking and balancing the circulation of energy.
Fermented foods for health.

CLOSING CONFERENCE

"Non-Allergic Food Histaminosis HANA. New Realities. Nuevas Realidades", Andalusian Society for the Study of Food Intolerances (SAEIA), Dr. Francisco Rebollo.

Organized by:  Electro y Químico Sensibles por el Derecho a la Salud. (EQSDS) www.electroyquimicosensibles.org
